***Allowable Subject Matter***

The following is an examiner's statement of reasons for allowance: the instant claim is drawn to a process for producing a cyclohexenone long-chain alcohol. The closest prior art of record, U.S. 6,228,893 teaches a process for making such compounds; however, the reference fails to teach or fairly suggest the claimed process, which substantially reduces the number of reaction steps for making said compound.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Sikarl A. Witherspoon whose telephone number is 571-272-0649. The examiner can normally be reached on M-F 8:30-6:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Thurman Page can be reached on 571-272-0602. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
